

**Modular, Versatile
Self-service Solution**

MioSERV™ S270 Series

ELEVATE YOUR BUSINESS OPERATION WITH SMART KIOSKS

MioSERV™ S270 smart kiosk is a cutting-edge, stylish and highly interactive self-service solution, featuring a 27" full HD multi-touch display, aesthetic design, and robust performance with dual OS support. The S270 ensures intuitive and efficient access to services, significantly reducing waiting times and enhancing overall customer experience whilst also alleviating pressures on valuable workforce resources. The sleek design and space-saving footprint makes it ideal for self-ordering and checkout, all the while offering an attractive advertising space to boost brand impact and sales revenue.

Additionally, a drawer design offers swift access to internal components allowing for excellent serviceability and operational streamlining of the kiosk. To further enhance its capabilities, S270 provides optional peripherals including QR/barcode scanner, camera, NFC, EFT brackets, and light indicator, providing the utmost flexibility to meet business requirements, whether in hospitality, quick service restaurants, or retail businesses.

Enterprise-ready solution

- Large 27" full HD multi-touch screen in an optimized footprint
- Powered by reliable and proven Qualcomm/Intel platforms
- Choose between Android or Windows OS

Scalable and modular peripherals

- QR code/Barcode scanner, MSR, built-in receipt printer, light indicator for guiding
- Brackets for NFC reader, EFT payment terminals¹
- Optional camera for user identity

Easy installation & maintenance

- Flexible installation: countertop, wall mount & floor stand
- Clean and convenient cable management
- Remote control and update management through MiDM, our in-house MDM solution²

Elevate your customer experience

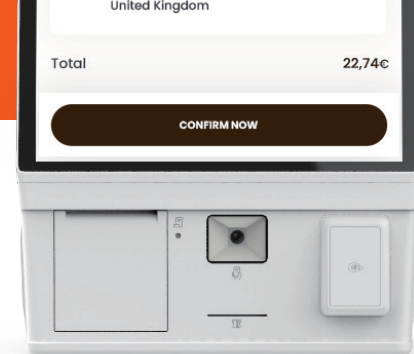

- Stylish and compact size to perfectly fit in any types of commercial space
- Serve as digital signage for your business

¹ EFT terminal is not included, sold separately by 3rd parties varying by region and country.

² Optional: MiDM is a subscription service.

MioSERV™ S270 Series

Specifications

Software	TBC	
Warranty	MiTAC Mobile Device Management (MiDM) ready	
Weight	12 months (extended warranty available)	
Dimensions	17.5kg (38.58 lbs)	
	360 x 235 x 786 mm (14.17 x 9.25 x 30.94")	

Box contents

- Kiosk main unit
- LED light bar
- Quick start guide

MioSERV™ S270 Series

FEATURES AND OPTIONS

► CAMERA & LED MODULES*

LED signage and optional camera greatly extends the range of applications.

► SIDE-MOUNTED PAYMENT TERMINAL BRACKET*

Optional EFT bracket. Customizable for different payment terminals.

► DUAL SPEAKER CONFIGURATION

Two 5W speakers located on each side produce clear sound.

► VIBRANT 27" FHD TOUCH SCREEN

Seamless customer interaction with applications and content.

► 1D/2D BARCODE & QR-CODE READER

A subtly tilted design with white light illumination allows for more natural scanning of smartphones in various lighting conditions.

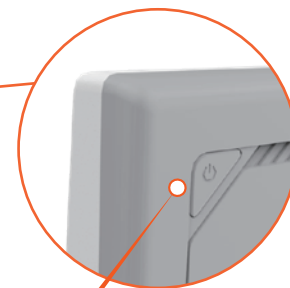

► NFC READER*

The elevated design ensures easy recognition and optimal usability of the NFC reader area.

► IC CARD READER*

► THERMAL PRINTER

User-friendly and serviceable embedded printer ensures hassle-free paper roll reloading.

► POWER BUTTON

Discreetly located on the rear of the kiosk, preventing unintended user interaction.

► MSR*

Optional magnetic card reader enables the ability to read membership cards or staff ID cards.
